Ultrasound Transducer Soak Tray

BC Biomedical BC20-42200 Cidex Compatible Tray
for ULT-2000 TEE Tester

SOAK TRAY

This 20" Diameter Tray allows you to soak your Ultrasound Transducers completely immersed in disinfecting solution. The lift-off lid completely covers the tray, limiting the fumes.

Your ULT Dual Conductivity Probes will easily fit on the side of the tray for use during leakage testing.

CAUTIONS:

***DO NOT USE CHEMICALS OR DETERGENTS THAT ARE NOT SAFE FOR SOAK TRAY.**

***DO NOT USE BOILER ADDITIVES SUCH AS CYCLO-HEXYLAMINE OR MORPHOLINE IN STEAM IN EXCESS OF FDA LIMITS (10 parts per million)**

***DO NOT USE ACETONE.**

***DO NOT USE ANY PHENOL BASE SOLUTIONS OR DISINFECTING CLEANERS.**
